

LET US BUY YOU A SPOOL OF THREAD

We want you to make a quality test of Bowstring Six Cord Spool Cotton and compare it with the thread you are now using. We know that if you will once use Bowstring thread, you will say that no other thread equals it in strength, smoothness and freedom from defects. The Sea Island cotton used in Bowstring thread has a fibre longer and finer than any other cotton in the world. Dressmakers say that Bowstring is so free from defects, that with it they can run their machines all day long without a skip or a break. The price is as usual—5c a spool.

This Coupon is Worth 5c

This coupon will buy at our store a 5c. spool of Bowstring thread. But the coupon must be presented in order to get the spool as we must send to the manufacturer a coupon for every spool put out in this way. We want you to know by actual experience the high quality of Bowstring thread. This coupon is good for one week only beginning to-day.

LIVINGSTON.

R. B. Sams, of Paris, was here latter part of last week. Bert seems to be improving slowly. We hope he will soon be his old self again. Miss Carrie Ponder is very sick at this writing. R. L. Thomas, of Winchester, the saw mill man, was here Tuesday. M. E. Mullins is moving into the Woodall property on Main street. Ben Griffin, who has been visiting his brother, Claud, near White Oak, has returned. John Mahaffey is very low at this writing. The dispatchers' clock that trains have been run by for the past sixteen years, was removed Tuesday by S. C. Franklin and placed in the ticket office. John Riddle, the flour man from Brodhead, was here Saturday. W. M. Preston, of Louisville, is here preparing to move his household goods to that city. I. W. Catlin is on the sick list this week. Mrs. J. W. Terry, who has been quite sick for some time is better. Walter Robins, of that good little town of Brodhead, was here Tuesday. Rev. Albert L. Pfannmiller, of Lexington, will preach at the Christian church, Saturday the 16th. Mrs. G. D. Cook, who has been quite sick, is greatly improved. George Owens, the monument man of Mt. Vernon, was here Tuesday. A. C. Carpenter was in Mt. Vernon, Monday. Allen Mounce is serving on the Jury from this place. Arthur Thompson, of Mt. Vernon, was here between trains, Tuesday. "A Noble Outcast," a drama in four acts by John A. Fraser, will be presented by the Brodhead Hamiltonian Society, at the Christ-

ian church, Tuesday night, Jan. 19. Proceeds to go to the Christian churches at Brodhead and Livingston. Everyone come out and let's give them a good crowd, as this is local talent and should be patronized. The series of meetings at the Christian Church, conducted by Evangelist J. R. Miller, closed last night. There have been 57 additions, 25 were baptised Sunday. Bro Miller is a fine speaker and has had a good meeting at this place. May he still continue the good work. Mrs. Celia Turpin has returned from Mt. Vernon, where she has been for the past week visiting relatives and having dental work done. The Rev. D. Edgar Allen filled his regular appointment at the Baptist church, Saturday and Sunday. J. E. Woodall, the hustling salesman of London, was with our merchants Tuesday. There is a series of meetings going on at Sand Hill, conducted by the Rev. Clouse, assisted by Elder Richard Moberly. Up to the present there have been seven additions to the church. A little child of Mr. and Mrs. James Whitaker died Tuesday. Last Sunday morning El. Hansel was called to go to Cozatts (being a flagman) and as he was passing the store of G. S. Griffin & Co. at 3:30 a. m., he noticed someone lighting matches in the store. Knowing this was too early for Mr. Griffin or any one connected with the store, he investigated further and found it was a burglar. He went at once to Mr. Griffin's residence and called him and his son and they all went back to the store and captured a negro in the house. They landed him in the little red house (jail) and he

was taken to Mt. Vernon, Sunday, where justice was meted, five years in the pen. We understand he was one of a gang of five. Two large stores have been burned in the few past months here and we believe this is the key to the mystery. The Sunday School at the Christian church broke the record Sunday in attendance. The roll call showed 195 present. W. A. Warren, who was hurt at Winchester seems to be improving. Rev. D. Edgar Allen filled his regular appointment at the Baptist church, Sunday. Mr. and Mrs. I. W. Catlin will go to housekeeping in the River Mansion Hotel. Mrs. C. A. Blanford and daughter, Miss Ella Mae, after a few days' visit with friends in Louisville and Parksville have returned home. Mrs. L. G. Fa'in and children are visiting relatives at Pine Hill. S. C. Franklin, L. & N. watch inspector and little son, Bernard M., were here between trains Sunday, enroute home from Bertha, Ky. R. G. Moore, who lives on Trace Branch, has sold to J. P. E. Drummonds in the year 1914, 125 lbs. butter and 185 dozen eggs, total amount received, for eggs and butter \$125.00. Now, who can beat this? Mr. and Mrs. D. M. Preston, of Cincinnati, Ohio, were here Sunday, enroute to Quail to see Mrs. Preston's mother Mr. Andrew Herron, who is very sick. Mrs. Sallie Cottogin, of Pine Hill, is visiting Mr. and Mrs. W. H. Cottogin. G. S. Griffin was in Mt. Vernon, Sunday. Mrs. George Hellard is visiting relatives at Pittsburg, Ky. Mr. R. N. Owens, who once was a Rockcastle boy, about but years ago removed to Salem, Ind., is here visiting relatives. The negro (Happy Hooligan), who was arrested here and taken to Mt. Vernon, Sunday, was indicted, tried and sentenced to the pen, all in one day. Judge Bethurum you are O. K.; three cheers for you. Mrs. U. G. Baker, of Mt. Vernon, is visiting Mrs. G. S. Griffin. Mr. John Overbay, who has been very sick for some time is slowly improving. Born to the wife of Mr. Fred Spink a fine girl, on the 9th.

What Rockcastle Could Do

BY \$100,000
BOND ISSUE

Mr. Editor, what our people are wanting to know I believe, is, if we should issue bonds how we could ever pay for them, without bankrupting ourselves. Well I will endeavor to answer this question satisfactory. At a stated meeting of our last Legislature they very wisely enacted a law placing a 5c tax on all personal and realty property in the state of Kentucky thereby creating a yearly fund of something over \$600,000 with the automobile license tax added, making it something near \$700,000 and the Legislature further stated that each and every county that will put itself in an attitude to receive it, may draw down 2 per cent of this sum every year which would provide Rockcastle county with \$12,000 each year. Now then, if we will issue \$100,000 bonds at 5 per cent you can readily see that the State alone, will pay \$6000 for the interest on the bonds and provide a sinking fund of \$6000 each year to

meet the payments of the bonds in the end. Then say that Rockcastle county just has \$3,000,000 taxable property but you all know she has more. What would a 25 cts levy bring into the coffers of the county, \$7500 each year, now add it on but the State would give us after paying the interest for us on our same bonds which would be \$6000x\$7500 would be \$15,500 we would pay the first year and it would be less next year and next, as you can readily see, until the bonds would pay for themselves in less than 8 years. Now with the State paying 50c of every dollar we spend on our roads let's see who would pay the balance of the other 50c. Rockcastle county is very fortunate indeed to have the L. & N. Rail Road Co., in its bounds, running thru our county two ways, who pay something like 43 per cent of all the tax in the county, then we have three incorporated towns namely, Livingston, Brodhead and Mt. Vernon, who would pay 32 per cent of all the taxes paid in the county, making 75 per cent of the taxes of Rockcastle county paid by the L. & N. R. Co. and the three incorporated towns within. The L. & N. nor a single one of the incorporated towns would receive one penny of the road money as you know the L. & N. don't use dirt roads or pikes and the incorporated towns have to build their own streets. Now that the L. & N. R. Co. and the three incorporated towns would pay 75 per cent of the 50c left to be paid by the county as a whole, what would be left for the farmer to pay? It is plain to see that 75 per cent of 50c is 37 1/2 cts, leaving 12 1/2 cts of every dollar expended on the roads to be paid by the farmer and 87 1/2 cts paid by the state and corporation and incorporated towns, and the farmer also gets the roads. The State has charge of the building of the roads in every particular thereby assuring us that it will be alright. Our Fiscal Court is doing every thing in its power and was loyal citizens should uphold

their hands and get together and be up and doing and give to our county good pikes which every one would feel proud of.

Yours,
C. C. DAVIS.

The Knocker— The Booster

"When the Creator made all the good and beautiful things, in order that they might be truly appreciated, He then made the beasts and reptiles; and poisonous insects. When He had finished He had left over scraps that were too bad to put in the Rattlesnake, the Hyena, the Scorpion, or the Skunk so He placed all these together, covered it with Suspicion, wrapped it with Jealousy, marked it with a Yellow Streak, and called it a Knocker."

"Then, as compensation for this fearful product, He took a sun-baun and put it in the heart of a child, the love of a mother, the brain of a man, wrapped these in civic pride, covered it with brotherly love, gave it a mask of velvet, and a grasp of steel, and called it a Booster."

"He made him a lover of fields and flowers, and mainly sports; a believer in equality and justice. Ever since these two were created, mortal man has had the privilege of choosing his associates."

SENATOR OWEN, of Oklahoma, has introduced a bill asking Congress to appropriate funds for giving work to the unemployed, by beginning the construction of highways. It is hardly expected that such a bill will get thru at this session but its bound to come some day. It just takes a demand from the people to have Congress do the right thing by them. After Boone Way is put thru it is confidently predicted the government will be ready to stop in and convert it into a National Highway and will therefore pay all expenses for the maintenance of this great road. Below is a copy of letter on the subject from our own Senator Ollie James:

Washington, D. C. 1-9-15
Mt. Vernon Commercial Club,
Mt. Vernon, Ky.
Gentlemen:

I am in receipt of a communication of recent date from you relative to Senator Owens' Bill. You may rest assured that I shall remember "Boone Way", and if the opportunity comes wherein I may aid you I shall be only too glad to do so. With kind regards, I am,
Very truly your friend,
OLLIE M. JAMES

The Knoxville Sentinel published a good map of Boone Way in last Saturday's issue along with descriptive reading matter, showing that the city, "Gateway to the Appalachians" is on the booming of good roads generally and Boone Way in particular.

Good roads are a business asset and we believe that no stone should remain until we secure the best highways possible.

"JONES PAYS THE FREIGHT"

Under the heading we propose to discuss a condition that seems to prevail at the present time, to an extent unprecedented in the days of yore. In the pioneer days of sociability, brotherly love and good cheer.

A rank stranger, in those days would ride to the yard fence or front door of a lonely log-cabin and cry out "hel-lo!"

The wife, or husband or any member of the family would respond, "get down" "Hitch your horse and come in."

The stranger, if he is one, tells his name and business, if he has any. Meanwhile the house wife adds something to the regular meal, and the stranger, neighbor or traveler must stay to dinner.

If it is late in the day, he is urgently invited to "stay all night" his animal is cared for and fed as much as the guest desires, and a night of fellowship, is spent enjoyed by host, hostess and guest. Not so to-day! Commercialism, avarice, covetousness and ambition to grow rich has throttled the simple hospitality, and desire to accommodate or help stranger, neighbor or brother, it has become the exception rather than the rule.

The attempt to specialize as an illustration would have an effect similar to striking a live hornet's nest in July.

The whole community would be "swatting" "föü" as a slanderer, and a defamer of individual character.

Our text is "Jones pays the Freight." For illustration we might take a Town Council, a County School Board, a Fiscal Court, or finance board of any kind in "Paragonia" or a campaign committee, in "Holghland" a Bond Issue—in short any or

organization designed to raise and disburse public funds.

Without a specific case or any particular board in mind, we proceed to analyze, and dissect our State School system.

1st. Our State Bonds, which form the nucleus of our endowment fund was originally bequeathed to the State for the educational purposes. It was Kentucky's share of proceeds of public lands, amounting to nearly million and a half dollars.

Only seven hundred fifty thousand dollars was covered into the treasury and State Bonds secured for it.

It has been increased latterly, by government paying to the state a sum, about \$500,000 excess of debt collected in civil war.

This with other resources has increased our State Bonds for public schools to a very respectable endowment fund. These bonds is our investment in perpetuity. No time limit for their redemption, with interest at 6 per cent per annum.

This interest is paid, the sum for which "Jones pays the Freight."

"Who is Jones? You ask." "Jones pays, who?" Well you and I are part of Jones, and the Jones we are telling you about is the taxpaying public. See? Over one-half of ad valorem tax, paid annually, by Jones goes into the state treasury, solely for the payment of teachers.

Add to this the county taxation for school purposes, and we have an aggregate of a sum considerably more than half of the entire sum collected to defray expenses of State administration.

Space, common courtesy and time forbids going into details, regarding efficiency or inefficiency in the State department, or county boards of education.

When we stop to consider the length of time, that elapsed since we began to prepare, to get ready to begin, to formulate a school system; when we note the long tortuous way over which the process has been dragged, we do not wonder at our lot of illiteracy, that confronts us on every side.

The greatest wonder is that our system has not more signally failed than it has.

If our ancestors, and the time of honorable descendants had put that estimate on our educational growth and development, that we then and now place on our material and commercial interests we should today stand as the peer of the most advanced State, in all that goes to make a great people.

If the energy and effort, that has been expended to build up a registered, grain of fine stock or to produce the champion blooded animal of the state or nation, or to produce the finest brand of Bourbon whiskey or Burley tobacco. I say, if one half the energy and enterprise that has been bestowed on these, had been expended on books, and buildings schools and colleges, and the same pains taken to train high class, cleared eyed, sharp witted, clean blooded, boys and girls, the year 1915 would not have found us, situated as we are, with so few schools and school buildings worthy of the name.

More than this, our system of internal improvement has not kept pace with our other interest as they should.

For example we have only to point to our material resources, rich beyond computation, for the building and maintaining a system of roads unsurpassed into the world.

In any direction, for hundreds of miles, the material for building macadam, concrete, or gravel road is well nigh inexhaustible and in a majority of cases ready at hand or easily accessible.

We perish for a lack of knowledge. We grope in the night tradition, walking in the foot steps, struggling thru ruts, and mud holes of thought, and action entitled upon us by the pioneer practices of more than half a century ago.

To what cause, then, shall we ascribe the conditions referred to?

To whom shall we charge this direction of duty? How are we to discover and remedy cause, for failure? Has there been, and is there now, cause for just complaint of the matter, in which our affairs are administered? Do we get value received for Jones gigantic outlay of public funds? Does Jones get a square deal, by men, and means employed to ad-

minister the trust imposed in them? Any simpleton can ask questions that tax the thought of wise men to answer.

The writer only suggests by these questions, a condition only hinted at that requires the best thought of sober intelligent citizens of the commonwealth. Who will accept the challenge?

J. W. VANWINKLE,
Mt. Vernon, Ky., Jan. 12.

BRODHEAD

The directors of The Brodhead Fair Association met last Monday evening for the purpose of electing officers for this year. The election resulted in retaining J. G. Frick, President; R. H. Hamm, Vice Pres.; John Robins, Secretary; A. M. Hiatt, Treasurer, the only change being the election of Superintendent, R. S. Shivel succeeding B. A. Yaden. The dates set for holding the coming fair are August 11-12-13, and the management will lose no time in laying the foundation for the biggest fair ever pulled off here, and that is saying something too. It is the purpose of the directors to enlarge the grounds in order to accommodate such crowds as we had on the second day last year, for they realize that had the weather man not been against us, the people or a part of them, would have been forced to climb trees to get breathing room. All we ask is three first class days, and we will do the rest not doubting the results.—Robert Owens, of Salem, Ind. and George Owens, of Mt. Vernon, Ky. were guests of their brother, J. M. Owens, of this place during the week.—Mr. and Mrs. C. R. Pike of Corbin, were with his parents Rev. and Mrs. A. J. Pike, last week.—Walter Robins was in Livingston on business Tuesday.—The Rev. D. G. Combs of Morehead, Ky., has accepted the Pastorate of the Christian church this year, the Rev. R. B. Baker, former Pastor, resigning.—J. C. Dittman, of Boston, was a pleasant caller in our town last Sunday.—Rev. A. J. Pike has to this date received calls to preach for Gilead church, Madison county; North Rolling Fork, Boyle county; Seaford Cane, Mt. Zion, Freedom and Brodhead, this county. He informs us that he has accepted the first four named churches. It seems that older Bro. Pike gets the more popular he is, and we are sorry that he is not able to fill all the calls he has.—Uncle Tom Frick is quite sick this week.—Mrs. Laura B. Cable died at her late residence Tuesday at 10 p.m. She had been in bad health for several years, and those acquainted with her condition hardly dreamed that she would have lived so long. For the past few weeks she had been decidedly worse and yet her death came as a surprise to all. She was a daughter of Mr. and Mrs. J. D. Hamm, a sister of our R. H. Hamm, and the widow of W. C. Cable, who was killed by a falling rail road bridge several years ago. The following children survive her: Mrs. J. B. Pike Misses Rita and Sue Cable, of this place; and C. C. Cable, a prominent business man of Danville. Her life was an open book, and worthy of the imitation of all. After short services at the Christian church by J. C. McClary, the officiating undertaker, her remains were laid to rest in the Christian church cemetery. We extend to the bereaved ones our sympathy.—Town Marshall W. A. Tyree returned a few days ago from St. Francisville, Ill. where he was the guest of his daughter, Mrs. Walter Roberts, who was quite sick.—D. B. Albright has been very sick this week, but is reported better at this writing.—Mr. and Mrs. D. M. Preston, of Cincinnati, are the guests of relatives in Quail section this week.—Miss Irene and Master Charlie Flynn, of Corbin, returned to their home after spending several weeks with their uncle W. A. Tyree.—Bane Carson is at home from Tellico Plains, Tenn. for several weeks,—Atty. and

Mrs. E. R. Gentry attended the funeral of Mrs. Laura B. Cable here Wednesday.—On the 3rd instant, Babe Leece shot A. M. Hiatt, Sen. near his home on Copper-Creek, first knocking the old gentleman down, then shooting him with a double barrel gun, the shot taking effect in the right foot.

Mr. Hiatt, who is now past 75 years old, is suffering a great deal from his wound, and hardly is expected to recover. Drs. Jones and Phillips, of Crab Orchard, are attending him.—Master Cleme Howell was quite sick last week.—Mrs. Chas. McKenzie and Sadie Moore, of Mt. Vernon, are the guests of the family of their uncle R. S. Martin, this week.—Dr. W. E. Gravely was in Mt. Vernon during the week.

Who owe Taxes for 1914: I am bound to make my settlement with the county and I have to balance to meet the settlement. Now I don't want to levy on your property, but I must have this money, so I will have to levy on you if you don't pay at once. I cannot pay your tax for you, so you cannot blame me as you have had plenty of time to pay them. Your household goods will not be excepted for I mean this.

Yours,

CAM MULLINS,

Sheriff Rockcastle County.

TRY THIS FOR NEURALGIA

Thousands of people keep on suffering with Neuralgia because they do not know what to do for it. Neuralgia is a pain in the nerves. What you want to do is to soothe the nerve itself. Apply Sloan's Liniment to the surface over the painful part—do not rub in. Sloan's Liniment penetrates very quickly to the sore, irritated nerve and allays the inflammation. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against colds, sore and swollen joints, lumbago, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

NOTICE

I have moved my office from
Cox Bros' store and am now lo-
cated over Mt. Miller's store, same
building as drug store.

Very respectfully,

Jan 8-31 LEE CHESTNUT.

The revival at the Baptist
church will close tonight. There
have been between thirty and forty
additions. Rev. Smith is a strong
and able speaker and at the even-
ing services the house has not
been sufficient to accommodate the
crowds.

Miss Arlie Dotson, daughter of
Mr. and Mrs. John R. Dotson and
Mr. Emanuel Dotson, son of J.
Chilton Buller, all of the Wildie
section and some of the county's
very best people, were married
in the home of the bride Wed-
nesday. The Signal joins in
wishing them well.

Henry Burge, aged 38, of Junc-
tion City wrote a legible letter the
sixth night after beginning night
school. A photograph copy of it
appeared in Danville Advocate.
Mr. Burge is a section hand and
last fall declined a \$70. foreman's
position on account of his inability
to read and write. He will not
have to decline a second opening.

Detective W. O. Jones, a son of
Mrs. Mahala Jones of this place,
continues in the successful role of
detective in connection with the
New York police force. News-
papers of that city show that his
activity in his line of work is duly
appreciated by Inspector Dwyer,
under whom he is working, and is
often commended by that officer
for his discharge of duties assign-
ed him.

News comes from the Brindle
Ridge section that Miss Bertha
York, the 18 year old daughter
of Mr. and Mrs. C. H. York, of
that section, was kicked by a
horse last Sunday night while on
her way to Hickory Grove church
and seriously hurt. Miss York
was riding behind Miss Clyde Sig-
man and the horse threw them
both, kicking Miss York in the
side of the head.

CIRCUIT COURT.

Short work was made of land-
ing Happy Hooligan, the peg leg
negro, in the pen. Indicted, tried
and sentenced to the pen in one
hour was he record of last Mon-
day morning. Happy broke into
the George S. Griffin Co store at
Livingston last Saturday night.

A number of railroad cases on
the docket were compromised,
which will lessen very considera-
bly the work of this term.

Robert Owens was given judg-
ment for \$500.00 against the
Knobs Essential Oil Co. Owens
got his leg broke while pulling
stumps for this company. The
case will be appealed.

A number of civil cases of minor
importance have been tried.

Citizens Bank of Brod- head Makes Good Record under Present Management

The regular annual stockhold-
ers meeting of the Citizens Bank
Brodhead, Ky. re-elected the old
board of Directors and adds one
new member, Mr. Larkin Hicks
who has recently purchased a good
block of its stock. Mr. Hicks is
realized by those who know him as
a good business man, and the di-
rectors will no doubt be strength-
ened by his presence.

A net earning of over ten per-
cent was reported by Cashier
Hiatt and after declaring a liberal
dividend and reducing their furni-
ture and fixture account the bal-
ance was carried to surplus
and the balance to undivided
profits.

The Directors realizing the effi-
cient service rendered by Cashier
Hiatt granted him a nice increase
in salary. We are glad to see this
bank making such a good record.

WHYS FOR THE BOND ISSUE

Below will be found expressions
from citizens from nearly all parts
of the county giving their reasons
why they think the issue of \$100,-
000 in bonds for constructing two
highways thru the county, is the
correct and proper thing to do.

Wm. Bullock, Hansford:—Be-
cause its to everybody's interest,
rich and, poor, especially the poor.

J. N. Vanhook, Marentburg:—It
will build up the county, bring in
more capital and produce better
results than any other undertak-
ing.

Gus Staverson, Crah Orchard
road:—More money men would
be induced to come to our county
and make investments. We can
go somewhere and get back
Farm values would increase and
times be better every way.

Willis Sigman:—It will make
far better educational opportuni-
ties for the rising generation.

D. G. Clark, Orlando:—We can-
not afford to give away \$1500 (the
5 cent state road tax) each year,
so why not save it by bond issue
and get sixty times more added to
it as a gift to us?

W. H. Jones, Wildie:—It will
open up our county to travel and
afford highways on which we can
get over all months in the year.

John Hunt, Marentburg:—For
many reasons. Our laborers will
get employment and markets can
be reached.

Willis Johnson, Cove:—Should
the American Wire and Steel Co.,
offer me wire sufficient to fence
my farm and to make me a pres-
ent of half its cost and then give
me a chance to work out the other
half, would be foolish not to accept
the offer. This bond issue and
State aid is a similar proposition.

K. J. McKinney, Valley Oak:—
It will lift us out of the mud and
give us an opportunity to attend
church regularly, improve our
schools and give our people great
er opportunities for making a liv-
ing and securing many benefits
and some of the pleasures while
passing thru this life.

J. D. Bullock, Level Green:—
you drove over the road I came
in on this morning you wouldn't
have to ask why I am for bond is-
sue. We want to get out of the
mud.

J. H. Wolf, Wildie:—Because
the railroad, and other corpora-
tions will pay more than 75 per
cent of the tax for paying off the
bonds.

John Shotts, Ottawa:—With the
corporations paying 75 per cent of
the tax and the State putting in as
much as the county we can't afford
to have the bond issue defeated.

Sam Purcell, Ottawa:—We don't
want to refuse to accept such a gi-
gantic present as is now offered us
by the corporations and the State.

E. B. Brown, Quail:—Because it
will provide roads for farmers to
market their produce.

Noah Tipton, Hiatt:—The best
move ever made by any county is
that for better roads and the bond
issue is the logical way of meeting
the State aid proposition.

John Hurst, Quail:—Rockcastle
would come to the front with the
proposed good roads.

Victor Price, Level Green:—It
would very materially raise our
standard in social, educational and
religious matters, because we
would be enabled to reach the
markets, visit our neighbors and
friends in the various counties.

Big John Nicely, Pongo:—Its
a great thing. There is nothing
better.

John W. Parsons, Refros Creek:
—I was against the bond issue at
the former election. Conditions
are radically different now and I
heartily favor the movement. It
will add a million dollars valuation
to our county within three years.

G. C. Fish, Buckeye:—Will get
the use of a larger portion of the
money in the county and give labor
to our people and we will get the
use of the roads with a long time
in which to pay off our portion of
the cost.

fought the bond issue before, but
I am strictly for it this time and
will do all I can to help carry the
issue.

Billy Baker, Richmond Road:—
Because it costs the poor man
nothing and gives him work.

Millard Bethurum, Skaggs
Creek:—Because the burden, if it
is a burden, will be borne by the
corporation and the farmer will
scarcely know he is in it except
getting big benefits from improv-
ed roads and getting some of the
pleasure out of life.

J. W. Hilton, Pine Hill:—Be-
cause its the best and, quickest
way to get the roads and we can-
not afford to lose the State aid of-
fered us.

Owen Allen, Cooksburg:—It
will be of more value than two
more railroads.

B. G. Mullins, Burr:—Its value
to my neighbors and myself would
be beyond computation. Trans-
portation by wagon would be fa-
cilitated five hundred per cent or
more. We could get somewhere
with our wagons and teams and
take a load where we can only pull
an empty wagon in winter time.

Albert Allen, Cooksburg:—I
am for it for many reasons too
numerous to mention. The big-
gest is we can get somewhere every
month in the year. We need
roads. If we never make a start
we will never have them.

H. J. Mullins, Richmond Road:—
For its tendency toward the
general uplift and general im-
provement in all good things in
our county.

J. E. Craig, Quail:—We need
the roads.

Graded School Notes

Mrs. Fishback is better and will
soon be back. It's very pleasing
to us to know that our sick pupils
are better and to see them return-
ing.

Prof. Martin of the Eastern
Normal visited our school last
week and spoke to the whole
school in the afternoon.

New pupils are finding their
way to us daily. We have twenty
or more new ones and they are
still coming. The rural people
have begun to find out that they
can get what they want here and
are sending their children.

For a hundred years Mt. Vernon
has had an unbroken chain of
blacksmiths from one family.
Tom Ramsey had a blacksmith
shop on the lot which is now the
northeast corner of M. J. Miller's
yard, about the year 1814. A
short time since while digging at
this point cinders, from the old
forge, were dug up. Mat Ramsey
was next in line. Then Bob New-
comb. Tom Taylor, a grand son
of Mat Ramsey, was "the village
blacksmith" for many years then
came John, his brother to pump
the bellows and nail on shoes.
Milt Taylor their brother also, has
a shop here. The Ramseys and
Taylors are natural born smiths
and machinists.

Announces For State Senator

Prof. B. C. Lewis of Barbour-
ville, candidate for the Republican
nomination for the State Senate in
this, the 17th Senatorial District is
a native of Laurel County. His
ancestors were natives of Laurel,
Knox, and Bell Counties. When
he was seven months old his father
died leaving his mother with two
children and in straitened circum-
stances. He was reared on a
farm, most of the time as a renter.

When he was ten years of age
the family moved to Bell County,
the home of his maternal grand-
parents, and resided there a few
years, later moving to Knox and
back to Laurel.

Prof. Lewis began his career as
teacher in public schools of Laurel
county, where he taught for three
years. After this he located per-
manently in Knox county, where
he has been engaged in school
work most of the time since. He
has most all kinds of experience in
school work—in the three months
four months, five months, and six
months schools; in the rural
schools, village schools. Mining
town schools, and City schools;
in the public schools, and the pri-
vate schools. After coming to
Barbourville he has served as
Principal of the City School, and
as Principal of the Baptist Insti-
tute, as County Examiner, and has
been for the last ten years head
of the Normal Department of
Union College.

Besides his experience in school
work and on the farm, he has also
worked in the log woods, at the
sawmills, in the store, in the mines
and in the Civil Service for the
Government.

During his work with Union
College he has part of the time
traveled as field agent for the
school in every county in the dis-
trict except one. This, together
with his traveling while in the
Civil Service and in other respects
has given him an extensive ac-
quaintance throughout the district.

While Mr. Lewis has not been
a politician nor Office-seeker, yet
he has all the while been a loyal
Republican, believing that history
has proven that Republican prin-
ciples are necessary for the devel-
opment and success of this coun-
try, and especially for the section
included by this Senatorial Dis-
trict. Being a school man and a
Church and Sunday School man
he would naturally be a temper-
ance or prohibition man; and it
was this issue which brought him
into this race. Owing to the great
fight now on with the Prohibition
forces he believes with many
others that this district should be
represented in the General As-
sembly by a Prohibition man, and
is willing to hazard a race to help
in this fight.

Coming as he does from the ru-
ral districts, and having traveled
so extensively over the Mountain
Counties at all seasons of the year,
he knows the condition of the
roads and their needs and would
certainly do all he could to secure
legislation for their improvement.

Being acquainted with condi-
tions throughout the district as he is,
such as the roads, the schools,
the miners, the farmers, etc.,
he would be qualified, it seems
to render excellent service to the
people of the district in the
General Assembly; and with his
former was.

HOPEWELL

Mrs. Robert Harmon is on the
sick list.—The Baptist people or-
ganized Sunday school at Hope-
well last Sunday.—Misses Cora
and Bertha Kincer of Bloss spent
Wednesday night with their
grandmother, Mrs. Sam McClure
at this place.—James Nicoley who
is working at Hazel Patch, spent
Saturday night with homefolks at
this place.—R. M. Carmical will
conduct the prayer meeting at
Hopewell Wednesday night.—
Rev. James Barnes will preach at
Mt. Pisgah the 3rd Saturday and
Sunday in this month.—Rev. Car-
mical is holding a few days meet-
ing at Hummel Grove and will
commence a protracted meeting
at Mt. Pleasant Sunday Jan. 17th.

—Well we are having extra pretty
weather at present, for the time
of year.—We will agree with the
Withers correspondent in saying
the Signal would be much more
interesting if every correspon-
dent would send in a long letter
each week, but it seems that news
in this part is scarce and we make
no promise to write each week
thruout the year, but will do the
best we can.—Miss Flora Pittman
has entered Langdon Dormitory
at Mt. Vernon.—The 5th Sunday
meeting to be held with the Bap-
tist, at Poplar Grove, from the
reading of the program we think
it will surely be a meeting of
great interest to all that attend.
Rev. Pike, Allen and Carmical
and several speakers will be pres-
ent and will lecture on several
interesting subjects and there will
be dinner on the ground.—Rev. J.
T. Clifford preached at Hopewell
Saturday morning and evening
and also Sunday morning. He
was elected pastor of this church
for the year 1915. Rev. Clifford
is a young minister, and the
church should do its duty and do-
nate to Bro. Clifford a reasonable
amount to enable him to preach
for them.—Meeting will be 2nd
Saturday in each month as it
formerly was.

Extend Fight on Trachoma.

Efforts of the United States pub-
lic health service to eradicate
trachoma, a dangerous and con-
tagious eye disease, in the mountain
sections of Kentucky, are to be in-
tensive during 1915 than at any time
in the past, it is said here. The
disease is prevalent in about one-
third of the state, nearly all of
it mountainous.

The latter months of 1914 found the
disease spreading in many places,
among these being the public schools
at Lexington. A total of nearly 2,000
patients were treated last year at the
three small hospitals at Jackson, Hy-
den and Hindman. Every effort will
be made to have the government es-
tablish more of these hospitals.

The state has a vital interest in that
the persons who have been treated in
these hospitals are in a great many
instances without means to pay for
medical treatment, and if not given re-
flect, stand to become public charges on
the counties or the state. Many per-
sons who have been almost blind for
months or years have been cured and
are self-sustaining through the mis-
trifery of these hospitals.

The state legislature will be urged
to give attention to the matter this
winter. The extension of the disease
to the mountains of Tennessee,
Georgia, North Carolina, Virginia and
West Virginia makes it probable that
legislative action will be taken in
these states also.

HENRY T. RAINEY

Congressman, whose suggestion that
the federal statute providing for
whisky "outrage" be repealed has
raised a storm of protest among dis-
tillers in Kentucky.

Set Limit on Bonds.

Sheriffs must make bond for the col-
lection of the state revenues with the
state auditor by March 1. Blanks for
this purpose are being mailed the sher-
iffs by Assistant Auditor G. B. Likens.
On or before March 1 all of the sher-
iffs must make final settlement with
the state auditor and receive a quietus
from him and the fiscal court of their
respective counties for the collection
of taxes for the previous year. It is
necessary for a sheriff to make three
bonds. First he must make his official
bond annually by the first of January.
Then he must make bond for the col-
lection of the state's revenue and a
separate bond for the collection of the
county's revenue. The state bond must
be made in duplicate, one copy of
which is filed in the county clerk's
office and the other copy filed with
the state auditor. A. T. Beard, sheriff
of Breckenridge county, is the nine-
teenth sheriff to make final settlement
with the auditor and receive his
quietus for the collection of taxes this
year. On the same date last year only
twelve sheriffs had received their
quietus.

Put Jail Prisoners on County Roads.

Reduction of the maintenance ex-
pense of public roads in Jefferson
county by the employment of aban-
doned prisoners in the county jail in
their upkeep is being advocated by
County Judge Samuel W. Greene, of
Lexington. If the idea is adopted, all
able-bodied persons sentenced to jail
in the circuit court there will be em-
ployed in road work. Under the present
system it costs the county 75 cents
per day to feed each prisoner, while
under a new law, passed at the last
session of the general assembly, the
county has the authority to work its
jail prisoners on the roads. The em-
ployment of the prisoners will result
in a big saving to the county annually
and at the same time will not deprive
the jailer of his fee for their keep.
According to figures presented to the
levy committee it costs the county ap-
proximately \$45,000 annually for the
feed of jail prisoners. At the recent
meeting of the county judges' associa-
tion in Louisville several of the offi-
cials from various sections of the
state said they had placed the sys-
tem in effect with splendid results.

Judges' Association Elects Officers.

Judge S. E. Jones, of Glasgow, is
the new president of the State Associa-
tion of Circuit Judges, succeeding
Judge W. H. Field, of Louisville.
Judge Samuel B. Kirby, of Louisville,
is the new vice president, and Judge
Field the secretary and treasurer.

Heads Court of Appeals.

Judge Shackelford Miller, represent-
ing the Fifth Judicial district of Ken-
tucky in the court of appeals, has be-
come chief justice and will serve in
that capacity for the next two years.
Judge Miller has been a member of the
appellate bench for just one-half of
the eight-year term for which he was elec-
ted in November, 1910. At that time he
was the chancellor of the First division
of the Jefferson circuit court, to which
office he was first elected in November,
1907, and which he held continuously
to the time of his election.

"WAR" ORDERS IN KENTUCKY

MILLIONS OF DOLLARS SPENT IN
STATE FOR MATERIALS
FOR SOLDIERS.

BUY 8,000 WAGON KITCHENS

Portable Cooking Vehicles Are Built
On Special Designs For Use of
French Army.

(Special Frankfort Correspondence.)

Frankfort.—"War" orders for mil-
lions of dollars of material for Euro-
pean countries are being placed with
Kentucky factories and industrial
plants. Tobacco factories for some
time have been engaged in shipping
tobacco intended for consumption by
the soldiers in the field in Europe.

The latest "war" order to be landed
by Kentucky is that of the Kentucky
Wagon Manufacturing Co., which is to
build 8,000 portable kitchen wagons
for use in the French army. The wag-
ons are to be built along specially de-
signed lines, and are considered light-
er and more serviceable than the vehi-
cles of this character which were one
of the principal reasons for the Ger-
man soldiers marching for such long
distances in a single day at the outset
of the war.

Only the frame work of the wagons
will be made in Kentucky. To other
companies is given the contract of
supplying the steel and the utensils
for the wagons. The consignment
must be ready for shipment in 75
days. Knitting mills and canning fac-
tories in the state have been doing a
heavy business lately in filling war
orders. It is estimated that the or-
ders already placed will run into the
millions of dollars.

Contest "Dry" Victory.

Attorneys for the "wets" have filed
a supersedeas bond for an appeal
against the decision of the contest
board in the recent prohibition elec-
tion. Their grounds of appeal are that
the status of territory in which a pro-
hibition election is held remains the
same pending litigation that it was
prior to the election, provided the con-
testants prosecute their appeal and ex-
ecute supersedeas bond. Bourbon
county was "wet" prior to the election
and could not become "dry" until 60
days after the judgment of the contest
board was entered of record. This
judgment was not entered until No-
vember 11, and so the day upon which
the county would become "dry" under
the new act would be January 11, but
before that time the "wets" will pro-
secute their appeal and this will be
within 60 days on the rendition of the
judgment as the code provides. With
a supersedeas issued prior to January
11 an order will direct that nothing
more be done in the matter until the
circuit court passes on the contest, the
"wets" say. From that decision either
may appeal, but a supersedeas bond
executed by the "drys" would not close
the saloon provided the "wets" won
in the circuit court, because the terri-
tory was "wet" prior to the election.

Objects to "Greasy" Postoffice.

Postoffices, even though located in
mountain "runs," caves and hollows,
should have euphonious names, in the
opinion of Postmaster Burleson. That
is the reason why Kentucky no longer
has a postoffice called "Lower Greasy."
Postmaster General Burleson just
wouldn't stand for it. It was not the
"Lower" that he objected to. It might
have been "Upper," or "Big" or "Lat-
tle" or "Much" Greasy and it would
not have made any difference to the
postoffice head. He objected to a post-
office being greasy, and for that reason
the name of Lower Greasy, Ky., has
been changed to Offutt, Ky. A mem-
ber of congress to whom the postmas-
ter general talked quotes him as say-
ing: "The name Lower Greasy is apt
to detract from the business of that
office."

Cattle Epidemic Under Control.

The live stock sanitary board, Com-
missioner of Agriculture Newman and
the federal authorities at work in this
state are confident that the foot and
mouth disease is under control. It has
now been ten days since fresh out-
break has been reported. It is believed
the state will soon be free from the
disease, as only a small area now is
included in the quarantine territory.

Child Labor Delegates.

Gov. McCreary has commissioned
Mrs. C. J. Adler, Mrs. R. F. Halleck
and Mrs. Luke P. Blackburn, of Louis-
ville; Mrs. Desha Breckenridge, of
Lexington, and Harry B. Mackey, of
Covington, as delegates to represent
Kentucky at the National Conference
on Child Labor at Washington, Jan-
uary 5 and 6.

Merge Insurance Companies.

Directors of the Inter-Southern Life
Insurance Co. and of the Citizens'
National Life Insurance Co., at sep-
arate meetings, have unanimously
voted for the consolidation of the two
companies by adopting resolutions em-
bracing the terms of the proposed
merger. According to the terms ap-
proved by the directors, the Inter-
Southern Life Insurance Co., which
will have capital stock of \$900,000, as-
sets of about \$4,500,000 and insurance
in force of approximately \$40,000,000.
The event will aggregate \$50,000,000.

COUGH MEDICINE FOR CHILDREN

Never give a child a cough me-
dicine that contains opium in any
form. When opium is given
ther and more serious diseases
may follow. Long experience has
demonstrated that there is no bet-
ter or safer medicine for coughs
's and croup in children than
C. m. b. r. a. i. n. s. Cough Remedy.
It is equally valuable for adults.
Try it. It contains no opium or
other harmful drug, and is sold by
all dealers.

Every man wants to run the
home newspaper and the home
ball team. But if you tried to
run his business he would want
to fight.

When a widow remarries, the

did with the Insurance Money.

DANGERS OF A COLD.

Do you know that of all the mi-
nor ailments colds are by far the
most dangerous? It is not the
colds themselves that you need to
fear, but the serious diseases that
they so often lead to. For that
reason every cold should be got-
ten rid of with the least possible
delay. To accomplish this you
will find Chamberlain's Cough
Remedy of great help to you. It
loosens a cold, relieves the lungs,
aids expectoration and enables the
system to throw off the cold. For
sale by all dealers.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in
writing of her experience with Gardui, the woman's
tonic. She says further: "Before I began to use
Gardui, my back and head would hurt so bad, I
thought the pain would kill me. I was hardly able
to do any of my housework. After taking three bottles
of Gardui, I began to feel like a new woman. I soon
gained 35 pounds, and now, I do all my housework,
as well as run a big water mill.
I wish every suffering woman would give
